1. This correction is issued upon request from the NATO Standardization Office, to better express the duties of the NSO Standardization Advisor, also under the light of staff availability. As the change is minor – affecting one paragraph, factual, and reflecting the actual situation as well as the mid and long term projections, it is issued with no alteration to the silence procedure for approval, ending on 24 February 2023, 15H30.

2. The paragraph 4.5 now becomes, with changes indicated in the text:

"4.5 ICGIF receives full support from the NATO IS, Defence Investment Division (DID) in the form of a permanent Staff Advisor. NATO Standardization Office (NSO) Army Branch assigns a permanent Standardization Advisor as an official delegate to participate in discussions, advise on standardization subject matters and manage the ICGIF **operational** standards portfolio, as well as sharing appropriate administrative duties **regarding the management of the aforementioned portfolio**. The IS Staff Advisor ~~and the NSO Standardization Advisor attend~~ **fully attends** the meetings of the ICGIF. **The NSO Standardization Advisor also attends the meetings, or contributes to them in different ways from distance, as needed and possible**."
