- On 8th September 2014 at 6.18 am, a police report was made at Sengkurong Police Station, Brunei Darussalam on the discovery of the dead body of a missing 39-year old woman who went hiking at Bukit Shahbandar Recreational Area a day earlier. The autopsy indicated that the victim was strangled to death with signs of sexual assaults.

- Police investigators had conducted a massive DNA harvest from potential suspects that fit the criteria given by witnesses.

- A male DNA profile was later found on the victim which matched to an individual with the following details:-

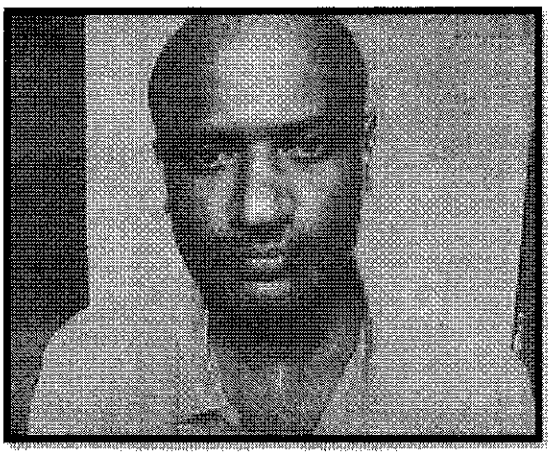

Name:
**Mohammad Mizanur Rahman**

Date of Birth: 4 August 1973

Nationality: Bangladeshi

Places of Residence:
Sreehatta, Arpara, Shalikha,
Magura, Bangladesh

- When the DNA results were obtained, the suspect had already left Brunei Darussalam. A warrant of arrest outside jurisdiction for his arrest was applied to the Magistrate Court on 28th February 2015.

- On 24th August 2015, the Investigation Team from the Royal Brunei Police Force met Deputy Inspector General (CID) Md Saiful Alam at the Bangladesh Police CID Office, Dhaka Bangladesh to seek assistance in arresting the suspect.

- Bangladesh Police indicated that since the crime was committed outside the country, they had limited power on the suspect and would not be able to detain him for a long period of time. In addition there was no extradition treaty/agreement between the two countries.

- Bangladesh Police also stated that they will not stop the suspect from exiting Bangladesh if the suspect wished to leave the country. If the suspect leaves the country, Bangladesh Police has agreed to inform the Royal Brunei Police Force.

- Since 2015, there has been no developments or updates on the whereabouts or arrest of the suspect. Royal Brunei Police Force is still hoping to bring the suspect to Brunei Darussalam to complete the investigation and prosecution.
