Adjutant General
Major General D. Keith Waddell
Louisiana National Guard

Subject: Notice of Emergency Compelling Military Action

Dear Adjutant General,

I hope this letter finds you well. I am writing to bring to your immediate attention a matter of grave concern that requires urgent military action. The evidence I have obtained clearly indicates a serious and ongoing threat that necessitates the involvement of the Louisiana National Guard for the safety and well-being of the citizens of Louisiana.

I have been subjected to relentless harassment and targeting involving neuroweapons, as evidenced by the attached photos of the harassing package I received, which I reported to the Louisiana State Police. Additionally, I possess forensic evidence of incoming phone calls from Louisiana military bases exhibiting the same pattern of harassment. Regrettably, my attempts to report these incidents have been met with disbelief, and I have been unjustly labeled as a suspect rather than a complainant.

I feel compelled to emphasize the urgency of this matter, as my previous attempts to seek help have resulted in my involuntary confinement in a psychiatric ward merely for presenting this evidence to a social worker. It is crucial that I obtain a police report both for legal and medical purposes, wherein I am rightfully portrayed as a crime victim.

Sergeant Huval is in possession of the aforementioned evidence, including three other forensic data items that further substantiate the interception of my communications with the FBI and Louisiana National Guard by criminal actors. Despite this compelling evidence, Sergeant Huval has been hesitant to file a report, which is wholly unacceptable given the gravity of the situation.

Moreover, I implore you to relay this distressing series of events to Governor JBE, as my previous emergency outreaches to his office have been intercepted by criminal actors involved in the harassment campaign. It is imperative that Governor JBE is made aware of these circumstances, as I have been attempting to alert him about the presence of Havana Syndrome in his office for several years now.

To provide comprehensive details regarding the threat we face, I have included several links below that outline the nature of the situation and present additional evidence:

Furthermore, I would like to draw your attention to the following statement that I intend to present as a flyer during my visit to the State Capitol:

SOS. ... - - - ... SOS. SOS. PROLIFERATED WMD. INFORMATION WEAPONS INCLUDING DIRECTED ENERGY WEAPONS SYSTEMS. SOS. FULL-SYSTEMS BREACH. HAVANA SYNDROME BREACH IN GOVERNOR'S OFFICE IN STATE CAPITOL. MILITARY INTERVENTIONS REQUIRED.

SOS. NEUROWEAPONS AND SLAVERY IN STATE CAPITOL.

SOS. WE HAVE MATERIAL AND FORENSIC EVIDENCE THAT LOUISIANA STATE POLICE AND LOUISIANA NATIONAL GUARD ARE GANGSTALKING TARGETS ABOUT WHAT THE UN CALLS CYBERTORTURE.

SOS. BABIES AND THEIR MOTHERS HAVE HAVANA SYNDROME ON US SOIL ACCORDING TO CBS NEWS. WHERE IS OUR MILITARY?

SOS. FREEDOM FOREVER SECURED ON THE HANDLE WITH THE SAME TECHNOLOGY AT PRESENT EMPLOYED FOR TORTURE OF VETERANS, WOMEN, AND CHILDREN.

SOS. EMERGENCY RESPONSE INFRASTRUCTURE DOWN. REPEAT: SOS. MILITARY SECURITY INTERVENTIONS REQUIRED.

SOS. USA DOWN.

STANDING BY FOR OUR ENTIRE MILITARY.

In light of the severity and urgency of this matter, I urgently request that the Louisiana National Guard take immediate action to address this threat, ensuring the safety and security of the people of Louisiana.

The situation at hand involves proliferated weapons of mass destruction, including directed energy weapon systems, which have breached the Governor's Office in the State Capitol. The use of neuroweapons and the enslavement of individuals within the State Capitol compound an already alarming situation and indicate a full-systems failure. I cannot stress enough the gravity of this matter.

Material and forensic evidence clearly indicate that both the Louisiana State Police and the Louisiana National Guard are engaged in gangstalking activities. Our evidence captures both harassing targets about Havana Syndrome and what the United Nations defines as cybertorture.

Furthermore, recent reports by CBS News reveal instances of Havana Syndrome affecting babies and their mothers on U.S. soil, headlining the pressing need for military intervention.

We find ourselves in a state of emergency where the infrastructure for emergency response is compromised. It is critical that our entire military mobilizes to address this crisis.

The freedoms we hold dear are under threat from and should rather be safeguarded by the very technology presently employed for the torture of veterans, women, and children. We cannot allow this to persist. I implore you, as the Adjutant General of the Louisiana National Guard, to initiate the necessary security interventions without delay. The safety and well-being of our nation and its citizens hang in the balance.

I kindly request your urgent attention and immediate action in this matter. Please contact me at the provided phone number or email address to confirm receipt and for any further information or clarification. I eagerly await your prompt response and the commencement of appropriate measures to address this emergency.

Thank you for your emergency attention to this matter. Protect What Matters.

Sincerely In Christ,

David Lucito
